Product Description

ECHO Brushcutters…Power, Comfort, and Stability!

Power, comfort, and stability are at your disposal with ECHO's innovative line of commercial-grade brushcutters. Offered in four engine displacements and flex cable or solid steel shafts, ECHO has the right brushcutter for your clearing applications ranging from rough grass, thickets, or shrubs to dense undergrowth. ECHO brushcutters are great for clearing right-of-way access through easements or other public walkways. Each brushcutter is equipped with a bicycle-style "U"-handle for outstanding control and easy access to the throttle and stop switch. Every brushcutter has a commercial-grade cutting head attached and includes a blade conversion kit making it blade convertible – the SRM-410U is equipped with a 10", 80-tooth brush blade right out of the box. If you're looking for the best of the best, look no further than the ProXtreme Series. The SRM-2620U features extreme light weight and a tool-less adjusting U-handle that folds for storage. There is a wide range of complementary Accessories and Parts available for your brushcutter.

Features may include:

- 25.4 cc professional-grade two-stroke engine manufactured from military-grade magnesium
- Tool-less access for convenient in-field servicing
- Large 21 fluid ounce fuel tank for extended run time between fill-ups
- Speed-Feed 400 cutting head that re-loads in seconds without dis-assembly
- Two-stage air filtration system dramatically increases cleaning capability and allows for longer mainenance intervals
- Easy start-ability especially for re-starts in hot, dusty climates
- Ergonomic U-handle that folds parallel to shaft for easy transport and storage
- 1.62:1 gear reduction for fast, efficient cutting

- Includes additional shield for blade use (blade not included)
