Product Description

2022 Star EV Sirius 48V 4 Seater Lithium Ion - ARGENT

The all-new SIRIUS®, named after the brightest star in the night sky, delivers extraordinary elegance. Sirius set out to design the perfect personal transportation vehicle. Sirius will keep you on the road longer with 48-volt cars that can go up to 60 miles on a full charge, and we use the best drive train, Trojan batteries, Curtis controllers, and Advanced AC/DC motors. EVs promote fun, function and street legal travel, with a class-leading 4 year warranty. Drive one today in your neighborhood or around your business for a cleaner, greener way to travel.

Features may include:

- Aluminum roof supports for maximum strength and provides the best corrosion resistance
 - Strong AC motor paired with eight 6V batteries for extended range. The prescription to end Range Anxiety Disorder
 - QDS™ Drive System which conquers hills faster and quieter
 - Auto-style full-color display which delivers easy-to-read critical status and operational information
 - Optimized storage including locking front trunk and glove box for convenience and organization
 - Custom designed street LED which BOOST visibility
 - Race-inspired chassis and double-wishbone independent suspension for Superior ride performance
-
